

# In-House Medicaid Billing?

It's Easier Than You Think.

Managing your own Medicaid billing cuts costs, saves time and enhances reimbursement opportunities for your school district.

**Now CompuClaim makes it more achievable than ever before.**

[Learn more about the cost-saving benefits of Medicaid self-billing. >>](#)

Since 1995, CompuClaim has been helping school districts nationwide create sustainable, compliant Medicaid billing programs that provide real budget relief in challenging times. We offer:

**Accessbill**, our easy-to-use, HIPAA-compliant billing software. This application can tie into your existing IEP system to create a seamless link between you and your Medicaid agency. CompuClaim can also provide a quality Web-based service capture tool to you at an affordable cost.

**Medicaid Management and Oversight Services** to ensure the success of your self-billing program, including guidance on billing best practices, a self-audit program, technical support, annual onsite compliance reviews and more.

By managing Medicaid reimbursements in-house with Accessbill, you can save up to 50% on your current billing costs in the first year alone. And since you pay just an annual licensing fee after that, the savings to your school district compounds over time—resulting in a very favorable impact on your bottom line.

- Cut costs by eliminating the need for a third-party Medicaid billing vendor
- Save time and reduce errors with Web-based service capture
- Maximize Medicaid reimbursement opportunities
- Ensure compliance with built-in quality checks
- Process claims more frequently to improve your cash flow

**Call CompuClaim today at 1-800-220-4702** for a free online demonstration of Accessbill, our powerful and cost-effective Medicaid claiming system.
